Anna Schumacher
Head of gift packaging

Dear customers,

As a dynamic company, we strive to keep up with the times so that we can continue to meet your needs in the best possible way. Digitalisation has changed consumption. The internet has become a powerful sales tool. That is why, for the first time, we are also offering our latest gift packaging collection in our own online shop. Feel free to take a look!

While internet-based sales bring us closer to our goal of climate-neutral production by 2035, you can reach your goal even faster and easier in the virtual gift packaging shop. As a platform for ideas and a source of inspiration, it offers an appealing overview of our complete range of environmentally friendly gift packaging. With just a few clicks, you can also obtain all the information you need, such as item availability or delivery time, and go through an uncomplicated ordering process.

With regard to the current collection, we were once again delighted to provide you with fresh ideas: With many new designs in several sizes and designs, we present you with a diverse selection of modernly interpreted as well as classic Christmas motifs and neutral designs for the coming season.

We hope you enjoy browsing through the catalogue as well as shopping online. Let us inspire you!

Best regards

Yours Anna Schumacher
and the entire gift packaging team
